Release Notes
August 29th, 2010

Enhancements

- **Lesson Plans: An IDOE Lesson Plan Template has been added**
- **ISTEP+: 2010 data is now included in both the Individual as well as the class report**

- **Growth Model information now displays the 2009-2010 ISTEP+ data**

- **When an educator registers with a registration code, the DOB and SSN that are entered are now validated with data in the SPN System. An educator is unable to register if the data does not match.**
- **Uploads: The default year is now 2010/2011 instead of 2009/2010 on the Class Upload, Roster Upload and School Calendar Set-up (Administrative)**
- **Administration: The optional fields on the class upload have been eliminated**
- **Administration: Local Corporation Admins are notified when a user requests access to their corporation. This notification can be disabled via the Notification section of the User Profile.**
